MAZE Voices - bio

MAZE Voices is a vocal group with twenty-two talented singers from all across the Netherlands. Under the direction of award-winning conductor Merel Martens, MAZE blends original compositions with striking reimaginations of existing songs. Creativity and improvisation are at the heart of the group, with members actively contributing to the artistic process.

Rooted in the principles of Vocal Leadership, MAZE is known for its innovative approach to a cappella music. Their distinctive style, combined with a strong musical identity, makes them a standout act in the vocal music scene.

MAZE Voices performs at around thirty concerts and events per year, both in the Netherlands and internationally. The group regularly features in national and international media and has participated in the Dutch tv shows Zing! (2024) and We Want More (2022).

The group works with wireless microphones and in-ears. This enables the group to enrich their performance with unique theatrical stagings to enhance their storytelling and embrace the audience. With an outside-the-box mindset, MAZE consistently delivers exciting performances that are as visually captivating as they are musically stunning. Get ready to be a-MAZE-ed—because getting lost in music has never been more exciting.

MEREL MARTENS - bio

Merel Martens is a fulltime choir leader, arranger, teacher and coach. After two bachelor's degrees in Music Teaching and Choir Leading Pop & Jazz, Merel received a Master's degree in 'Vocal Leadership' from RAMA, Denmark in 2015. She now is vocal leader of the innovative a cappella group MAZE Voices from the Netherlands. Merel is head of studies Vocal Leadership at Codarts Rotterdam and regularly travels to international vocal festivals and universities for workshops, ateliers and concerts.
